VOL. 14, NUMBER 110 MONESSEN, PA, WEDNESDAY, OCTOBER 20 1915 SIX CENTS THE WEEK

The fall season is here. This country has arranged to loan $500,000,000 to Great Britain and France. Are you still croaking hard times? Maybe a little judgment and business push would help you.

Young Men's Republican Club Meets With Success

There can be no question but what Monessen will stand up for the straight Republican ticket at the election November second. The organizers of the Young Men's Republican club are enthusiastic over the interest that is being manifested in their organization.

The papers containing the membership lists are being passed throughout the town, and are being liberally signed. Very few men have a sore place and very few have an ax to grind. Today the papers are being passed through the mills and almost with unanimous accord, the men are declaring themselves for the Republican party, the straight ticket.

Every indication points to the fact that Monesesn will have the biggest Republican vote this fall in the history of the town. Men are looking toward the national campaign which is only a few months distant when there will be a desire to restore the principles of protection in an effort to save the industrial calamity that is feared at the close of the war. The congressional and legislative contest is also close at hand and we want Republican representatives to assist in carrying out the national policies.

The active membership of Monessen's Republican organization will number more than five hundred. These are all men who have pledged to support and work for the party on November second. This means something in this big industrial community. It means that these men want our industries to be busy all the year around and that the orders will be as plentiful and that work will be as abundant as in the McKinley days.

The candidates of the Republican party will congregate here on the evening of Oct. 28th, at which time a public reception will be held at one of the local hotels and the voters of the town will be asked to come out and meet them. This is the only way to get acquainted with the men who are to become our public officials. No candidate can canvass the town and meet everybody. Some are working days and some at nights and a reception was decided upon.

The Louhi band of Monessen will furnish music for the occasion and an informal program will be carried out.

Some Lemon

—William Frantz, the clothier, today received a specimen of tropical fruit from his father who is located in Roseland, Florida. The specimen is a product of the lemon family called ponderosa and measured seventeen inches in circumference. Mr. Frantz prizes his gift so highly that he has decided not to convert it into lemonade until about the holiday season, at which time it will have reached its most luscious stage.

Surprise Shower

The Ladies Aid and Ladies Bible class of the First Christian church gave a miscellaneous shower for Mrs. Everett Luce at her home on Luce avenue last evening. The affair was a surprise and forty ladies were present. The guests brought lunch and enjoyed a mist pleasant evening. Mrs. Luce, who before her marriage to Everett Luce Thursday of last week was Mrs. Marion Mackey, was the recipient of many beautiful presents.

Students Enroll

Thirty-seven persons interested in night school met with Supt. H. E. Gress in the new High school building last evening to complete plans for the opening sessions of the school next Tuesday evening. Quite a number of others had communicated with Supt. Gress in regards to the school work, and it is expected that an enrollment of half a hundred will be completed next week.

Young men and women ranging in age from 17 to 23 years and representing many nationalities were present at the meeting last evening to express their desire to take up this work and to state what branches of study they wished to pursue. Final arrangements of the branches to be taught have not been made, but it is possible that the commercial course, mechanical course, reading, writing, arithmetic and algebra will be listed among the studies. Classes will be held every Tuesday and Thursday building, beginning next Tuesday.

Head In Lead

The official returns from Philadelphia, forwarded to Harrisburg yesterday, completed the report from all the counties, and with their arrival, the officials totals became available. This shows that Judge John B. Head of Westmoreland county, led the nonpartisan ticket with a total of 457,950 votes in the state. Judge George B. Orlady ran second, with 446,270 votes while J. Henry Williams of Philadelphia, stood third with 422,684. S. H. Huselton of Pittsburg, had 248,547 votes; William D. Wallace of Lawrence county, 209,519; and Charles Palmer, 207,053.

Tomorrow at the Olympic—Mary Fuller in "Under Southern Skies." This play is so popular that no one has a right to miss it. It has been played in almost every good theatre of speaking in America. It is as popular as "Uncle Tom's Cabin." Read the synopsis of the story in our display advertisement on fourth page. The next picture which is also of high merit is "The Fifty Thousand Dollar Jewel Theft" featuring Murdock McQuarrie, the wonderful actor, as good as the famous Albert Chevalier. The work will be entirely completed this week and the friends of the Colonial Palace are invited to inspect the alleys at their earliest convenience.

Defeated

The defeat of woman suffrage in New Jersey yesterday by a majority of from 50,000 to 60,000 has cast a gloom over the ardent workers of the cause in this state. For a time it was thought that with President Wilson's announcement in favor of woman suffrage they would easily carry New Jersey and be more able to conduct a strong finish to their campaign in this state. In fact they had based all hopes on New Jersey as the key to the situation in the eastern states and with this overwhelming defeat at the polls yesterday by the voters they realize what the outcome of the fight in Pennsylvania may be.

The defeat of woman suffrage was conceded at 10:30 o'clock last night by Mrs. E. F. Feickert, president of the New Jersey State Woman Suffrage association. Her admission was borne out by unofficial early returns from every section of the state, which indicated that the majority against suffrage was decisive.

Hudson and Essex counties, where the fight centered, apparently had given decisive majorities against the amendment.

Suffrage lost in every city in the state and in nearly every town. Where it did win the majority was small. Newark voted overwhelmingly against it. Trenton, with seven districts missing, gave a majority of 2,518 against it. Bayonne gave the anti-suffragists a majority of 354 votes out of 6,339 cast.

Presiden Wilson's own precinct, the Seventh Election District of Princeton borough, voted against suffrage by a majority of more than 2 to 1, the figures being: For, 64; against, 150.

Where suffrage triumphed, the unofficial returns showed the majorities to be small. Glen Ridge, with complete unofficial returns, gave a majority of seven votes in the 651 cast. Nine districts in Middlesex county, out of 75, showed that the amendment had 838 votes in favor and 812 against it.

Through Trains

According to the opinion which is held by people in close touch with railroad affairs in Brownsville, efforts to secure through service from Fairmont to Pittsburgh over both the Pennsylvania and the P. & L. E. lines will meet with success to the extent that at least one fast passenger train each day will make the round trip on each line No official information as to the new schedule over the the new Monongahela Railyay's line into West Virginia is obtainable other than if possible the passenger service will be inaugurated within a few days from November 1.

The Pittsburgh and Lake Erie schedule from Pittsburgh to Brownsville was changed on Sunday. In Brownsville several hold the theory that the changes were made to conform as nearly as possible to the time of trains to be put into service on the new Monongahela Railway line. Lending credence to this belief is the arrangement made for a night layover of at least one train at Brownsville, it being rumored it will be continued in due time to Fairmont and return. Improved Sunday service has been declared by the P. & L. E.

Though arrangements are being made at the Brownsville office for the operation of passenger trains over the line, public service boards have not yet signified their approval of the new schedule and tariffs. This is necessary before operation can be started and there will be some little delay after the opinion of the Pennsylvania and West Virginia boards is handed down. So it would cause no wonder if actually the beginning of service would be delayed until near Christmas or perhaps until spring.

Art Exhibit Here

The people of Monessen will be given an opportunity to inspect the Art Exhibit that occupied a prominent place at the Exposition which closed in Pittsburgh last week. This exhibit has been secured by W. F. Shiefer, the local photographer, and he will have it ready for the public to inspect at his studio on Donner avenue, Monday, Tuesday and Wednesday of next week.

Mr. Schaeffer was fortunate enough to be selected as on of the forty-three leading photographers to contribute to this exhibit which was displayed at the exposition as the highest work of art. Since taking over the Datz studio, Mr. Schaefer has made a number of improvements and respectfully invites the public to visit him on the days above mentioned and inspect the studio and this wonderful exhibit of master photography. The studio is open all day and evenings.

How About This?

Those who know the record. ability and business career of public officials who formerly were in private pursuits of the nimble dollars, know that in many instances the county or state pays more for these gentlemen's services than they ever earned for themselves or that they are worth in any other field. The political field is flagrantly lavish in offering temptations to men.

We have $5,000 or $6,000 a year officials in this county and state who could not and did not earn and receive half that much during a long period of private life. Why then should the people be taxed in order to pay them princely salaries they do not earn?

Something wrong gentlemen, something wrong. We have chief deputies, clerks and other chaps who get from $125 to $250 a month who on other occasions when they cannot connect with the public teat, derive nearly as rich a nourishment as this. The public is nearly always robbed. The system of salary creating is wrong. It needs a reformation. When the population of a state or a county increases slightly, the legislature passes a law for increase of salary, making it attractive for fellows who have lots of money and other fellows who have no brains to get their foot in the public trough, and once they get in, they want to stay in for life.

It is a nice aspect for a man who has sold cigars, chewing gum and pop all of his life to gaze into the countenance of a $6,500 a year job for four long years at the expense of unwilling taxpayers, when the said taxpayers, if they had anything to say would pay the fellow about $50 a month and think him mighty dear at that.

There are other jobs too, both in state and county that suit bankers and chaps gloating in wealth who draw several thousand dollars annually and at the same time use the public funds to advance the stock of their privte institutions. It's all wrong gentlemen, it's all wrong. It ought to be stopped at once and the taxes in state and county reduced to a minimum. Pay a public official what he is worth and no more. Cut down stupendous salaries, lower the taxes and stop the grafting. Economy in public office should be the watchword. Run the public business as a man runs his private affairs.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right Try them. 10c and 25c per box. All druggists.

"ANTIS" MAKING FUN OF THE FEMINISTS

"Garbage Cartoon," Showing Conditions in Denver After Twenty-Three Years of Double Suffrage, Being Exhibited by Votes Opponents in Campaign States.

The suffragists have inadvertently played into the hands of those who oppose the enfranchisement of women by frequently repeating the statement that if women voted we should have better "public housekeeping," purer food, cleaner streets and prompter garbage disposal.

In all of the campaign states, the suffragists have used the slogan "Our food, our homes, our health, our schools, our play, our work are ruled by men's votes."

If this is true, say the anti-suffragists, then men's voters are doing better than the votes of men and women, and to prove their contention, they are exhibiting the cartoon shown above, from a Denver paper, which conveys the idea that in spite of twenty-three years of voting, the "Denver mother" is having a harder time getting rid of her garbage than the mothers of other communities.

Anti suffrage speakers in all four states that are to vote on the question, have been furnished with original copies of the newspaper in which the garbage cartoon appeared, and are flashing it on the suffragists every time that public housekeeping or garbage is brought up

Another point in this connection the "antis" ask is Why did Pennsylvania, in competition with eleven full suffrage states, carry away first prize for its health exhibit at the San Francisco exposition of 1915? and why did the United States department of agriculture, in 1915, give Pennsylvania the credit of being the foremost state in enforcing the pure food laws?

Mrs. O. D. Oliphant, Miss Marjorie Dorman, Miss Minnie Bronson and Miss Lucy J. Price, prominent speakers in the anti suffrage movement who are ready to grasp any opportunity available to expose woman suffrage in a humorous manner, always carry with them cartoons, clippings and photographs from suffrage states which get the "laugh" on suffrage stock arguments.

SUFFRAGE THREATS ARE ABSURD

The leaders of the Pennsylvania Association Opposed to Woman Suffrage are getting a great deal of amusement out of the publication of dire threats by the suffragists throughout the state "to defeat any individual candidate for office or any organized interests that have opposed" votes for women.

Mrs Horace Brock, president of the state antis, said:

"It is amusing to note how these suffragists threaten. They have threatened everybody from the president to the individual voter, yet we have beaten them thirty-three times since 1912. Last year, the National American Woman Suffrage Association blacklisted members of congress who could not be made to favor a national amendment. Every one of these men were re-elected, and the politicians were so fearless of the suffragists that they deliberately brought the amendment before the house of representatives and defeated it on January 12. I know several members of our legislature who announced in every speech they made last fall that they were opposed to woman suffrage, yet they were elected by a large majority.

"The truth is that woman suffrage is making the fight of its life now. All that it can do it is doing against its opponents. The worst seems to be the circulation of misstatements about us which have been put out so often that the public is becoming suspicious of everything published in suffrage propaganda. For instance, a friend of mine received a leaflet purporting to give instances of alleged legal injustices suffered by women in Pennsylvania. She took the leaflet to a lawyer, and found that the very cases produced to support the suffrage contentions had been falsified.

"Suffrage speakers are going around telling a story that in some male suffrage states a father can will away the children from the mother. One of their own leaders—Mrs. David Werner Amram—admitted months ago that it is not true, and we have published letters from the attorney generals of every state named denying that such a thing is possible under the laws. A suffrage speaker recently declared before a large audience that the state of New Jersey had not one law against vice, although the compiled statutes of that state, pages 1312, etc., show a law entitled: "An Act for Suppressing Vice and Immorality."

"It seems to us that women who would libel the laws of their own state for political purposes are lacking in patriotism. Every one of the four states that vote on woman suffrage this fall has laws that protect women and children more adequately than those that exist in any double suffrage state It is significant, indeed, when suffragists have to invent 'sob stories' in order to find an argument—and of all these the most far-fetched and untrue is the 'willing away' story.

"As for their threats to politicians, they are simply ridiculous. The majority of the women in the states where women vote are not in favor of suffrage. If every double suffrage state sent as many women to the polls at the next presidential election as voted in Chicago in the hottest contest ever held under woman suffrage, only 1,500,000 would cast votes: and not ten per cent. of them would vote according to the dictation of any woman's party. They have such a poor following in the suffrage states that they couldn't find even one woman in any of the four states that have had suffrage longest, who was interested enough in the movement to attend their last national convention as a delegate.

convention as a delegate.

"If the men defeat votes for women in the east this year, woman suffrage will have met its Waterloo. It is their last stand, and they realize it fully. This may explain their resort to methods that must be called deplorable, in trying to discredit their opponents. Our women are constantly accused of having the worst possible motives, and they publish stories about us that are absolutely without foundation. No matter how much these stories are denied, the suffragists keep on repeating them in print and on the platform, just as they do the 'willing' story—which every suffragist with any self-respect ought to be ashamed to tell."

FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very ungrateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Opinion to be Handed Down

Uniontown, Pa., Oct. 19—Judge J. Q. Van Swearingen tomorrow will hand down his opinion in the receiverships growing out of J. V. Thompson's business affairs. The writ of peremptory mandamus granted by the Supreme Court in Pittsburgh today made any other course impossible. The news of the Supreme Court's action was received here with little surprise, as the men directly interested had taken for granted the high court would order Judge Van Swearingent to make public his opinion.

It is believed by many persons that the decision will be adverse; that is, that he will hold that the individual receiverships of Mr Thompson and several others, created shortly after the First National bank closed its doors last year, are invalid. This would permit unsecured creditors of Mr. Thompson and his associates to bring suit on the notes they hold. No one close to the judge would say that this was the case but business men here have been preparing for some time for just such a decision.

There is a strong feeling in Uniontown that if the opinion could be withheld until the time specified by Judge Van Swearingen, March 14, 1916—the affairs of Mr. Thompson could be straightened out so that the creditors would realize much more than they hope to by splits. Nothing has been heard lately of the loan that was intended to lift Mr. Thompson out of his difficulties and affairs of the bank also seem to be in abeyance. However, the sentiment here is that whatever is gained by individuals through suits against Mr. Thompson or others will be offset by a greater loss to some of his larger creditors. If Mr. Thompson should be forced into bankruptcy it would greatly harm instead of improve the situation, prominent men believe.

Faces Important Contest

Pittsburgh, Pa., Oct. 19—With the Carlisle Indian game out of the way, the University of Pittsburgh football eleven now faces one of the most important contests ever scheduled for a Blue and Gold athletic team—game with the University of Pennsylvania at Franklin field, Philadelphia. All Pittsburgh is agog over the battle as the wonderful showing of the squad coached by Glenn S. Warner indicates that the local eleven is one of the best in the United States. The 47-12 defeat of the Annapolis Midshipmen was the worst set back the Sailors have received in 10 years and those who saw this game marveled at the team play and general work of the Pitt eleven.

The Penn game means much to Pitt and Coach Warner has been looking forward to it since the early training work started at "Camp Hamilton," Windber. A victory will place the Blue and Gold in the front ranks of college teams in football. Freshmen will be ineligible for this game as the Pitt management agreed to observe the one year residence rule when the contract was closed with Penn last winter.

WEEK'S PROGRAM AT OLYMPIC .THEATRE, MONDAY TO SATURDAY, OCT, 18 TO 24.

REGULAR PROGRAM

WEDNESDAY —The wonderful feature "The Woman Who Lied" in four parts, featuring Mary Fuller. "The Disappearing Helmets," one of "The Romance of Elaine' episodes with Pearl White, Lionel Barrymore and the Mysterious Mr. X. (Notice, Wednesday, Oct. 27 will be the last episode of "The Romance of Elaine" and her Triumph and the disclosure of the Mysterious Mr. X. This will also be the first episode of "The Neal of the Navy" one of the most wonderful serials ever on the market. You know what Pathe series are, "The Exploits of Elaine," "New Exploits of Elaine" and "Romance of Elaine." Now I know and guarantee that "Neal of the Navy" will surpass every one in every way. Watch it.) Also one of Charley Chaplin comedies for Wednesday.

THURSDAY—The $50,000 Jewel Theft," in two reels, featuring Murdock McQuarrie and Edna Payne. My opinion is that MacQuarrie is one of the most wonderful dramatists ever in the moving picture world. There are few equal to him. "An Innocent Villian," a Joker comedy with Max Asher and Gale Henry, and the Broadway Universal feature "Under Southern Skies" in five reels, featuring Mary Fuller. This feature has set all exhibitors wild who were fortunate enought to get it in their program.

FRIDAY—Two of the finest comedies—"Eddie's Little Love Affair," a Nestor comedy with E. Lyons and one of L KO's comedies "A Mortgage on His Daughter" with Hank Mann and Peggy Pearce. Also one of Metro's features, the kind that crowds our doors all evening. B. A. Rolfe offers the two distinguished stars Jane Grey and Lionel Barrymore (the same star who is featured in "The Romance of Elaine") in "The Flaming Sword," in five acts and 210 scenes.

SATURDAY—"Queen of Jungle Land," in three reels of the kind that makes our audiences applaud wildly, featuring Edythe Sterling and Wellington Playter. Animated weekly. Pathe comedy with Heinie and Louie and the dearest and most friendly picture in our theatre. The 22nd episode of "The Diamond From the Sky" in two reels.

SPECIAL PROGRAM

WEDNESDAY—Mary Fuller in "The Woman Who Lied." Direction of Lucius Henderson. Lovers of Mary Fuller and they number millions, will see that many-sided and most charming actress in an entirely new character as Mary Martel. in the strong play, "The Woman Who Lied." As an actress with more self indulgence than character. Miss Fuller gives a portrayal that will astound those who hitherto have seen her only in "sweet" parts. Her strength in the big emotional scenes with which the play abounds, mark her work as far above the ordinary. To shield a lover Miss Fuller is guilty of the conviction of an innocent man, and her work in this and in the climax marks a wonderful advance in her more serious work. This is a play that will delight all who care for a meaty plot with strong emotional acting and it will go big any and everywhere.

THURSDAY—The Universal presents the beloved idol of the screen, Mary Fuller in that beautiful drama of love and romance in the ante-bellum days of the south, "Under Southern Skies," filmed in five wonderful acts. A brillian photo play, acted by a brilliant company in and around Savannah, Georgia. Replete with the charming atmosphere of the sunny South in the period of 1860. A play for everybody, sweet, wholesome, refreshing.

FRIDAY—Metro Pictures corporation presents the two distinguished stars, Jane Grey and Lionel Barrymore in "The Flaming Sword." The story: Steve, a young college chap who has been unfortunate in his busines career, after a life of dissipation, concludes that life is not worth the living and contemplates suicide. Among his associates is a girl named Maisie witn whom Steve's name has been coupled by his intimates. Steve gives a banquet and announces that he is a bankrupt and that his friends are looking upon him for the last time. After the affair Steve goes to his apartments, puts his affairs in order and slowly walks to the water front where he hires a small boat, and the last seen of him is his boat, sail set, leaving the inlet for the open sea. Maisie, realizing that Steve has intentions of injuring himself, attempts to follow, but is too late. Steve drifts out to sea and after days of misery is washed up on the beach of a small island where he is found by a girl named Meera who lives there with her father and several servants. Then the real picture starts at the acquaintance with Meera's father.

SATURDAY—"The Queen of Jungle Land" with Edythe Sterling, Wellington Playter and Rex de Rosselli. The work of the animals at Universal City Zoo, under capable direction, is proving that an animal picture can be something more than a faked jungle scene, caged animals and a plot in which the animals play both unwilling and unnecessary parts. To see Edythe Sterling stroking the head of a full grown leopard or making a pet of the biggest lion in the zoo, is a thrilling sight—one rarely found in the usual so-called pictures. Miss Sterling's work with animals is a new experience to her, but her fearlessness as shown in this strong picture leads to the belief that she has found a new outlet for her capable activities. This picture should go big with any audience because there is a plot with a punch, a good climax and the animal feature is a necessary part of the whole.
